

BEAD AMERICAN FLAG

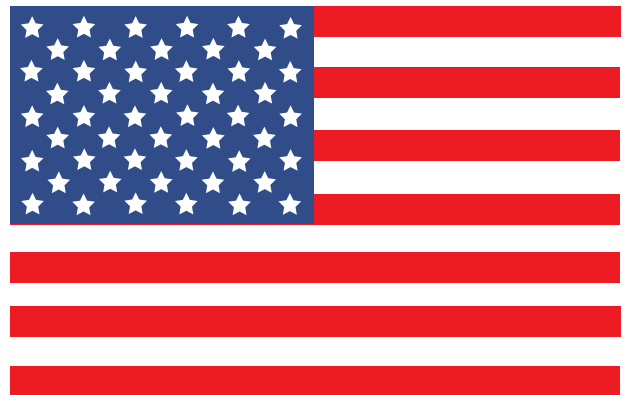

Lesson of the Day:

It's good to love your country for all the things it does well. But loving your country, like loving a friend or a family member, means wanting what's best for it. So sometimes you have to fight for your country to change, to grow, to be better. But with a vision of a kind, strong future, you can help your country to become the best country it can be.

Materials:

- Pony Beads
- Cardboard
- Star Stickers
- Glue

Instructions:

1. Discuss the lesson of the day with your students. Talk about what it means to them.
2. Help students organize their beads and glue them onto their cardboard.
3. Have students place the white star stickers onto the blue beads
