

# HOW TO CHANGE THE WORLD

## Lesson of the Day:

Every person on the planet has a chance to change the world, even if only in a small way, even if only for one person.

Do you want to change the world in a positive way that makes it better? What are some ways you could do that? How could you help someone have a better time or feel better? What can you do to improve the world?

## Materials:

- World coloring page
- Crayons
- Construction paper
- Printed title
- Glue sticks
- Scissors

## Instructions:

1. Discuss the lesson of the day with your students. Talk about what it means to them.
2. Have students color a picture of the world. They can then cut it out.
3. Have them trace and then cut out their hands. On each hand, have them draw a way they can make the world a better place.
4. Have them glue everything (including the pre-printed out title) to one piece of paper.
