

CLOTHESPIN AIRPLANE

Lesson of the Day:

Sometimes when others are being mean or behaving poorly, the best way to deal with it is to rise above. So when others are trying to drag you down, imagine yourself in an airplane rising above them and flying away to somewhere else, somewhere where you are surrounded by people who understand and love you.

Materials:

- Craft sticks
- Popsicle sticks
- Hot glue gun
- Clothespin
- Markers

Instructions:

1. Discuss the lesson of the day with your students. Talk about what it means to them.
2. Have students color their clothespins, two craft sticks, and two popsicle sticks. You might want to cut them down to size first.
3. Hot glue the craft sticks and popsicle sticks down to the clothespin.
