

FELT FLOWERS

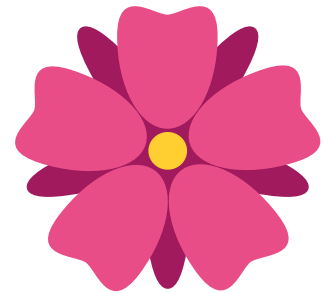

Lesson of the Day:

Make a garden of beauty and plant seeds of love and happiness. The more we surround ourselves with love, the more we are kind to people, and the more we bring kindness into our lives, the more beautiful and happy our lives will be. You get what you give.

Materials:

- Felt
- Scissors
- Buttons
- Glue
- Popsicle Sticks
- Glitter glue
- Markers

Instructions:

1. Discuss the lesson of the day with your students. Talk about what it means to them.
2. Have students draw or trace flowers onto various colors of felt. Have them cut out the flowers.
3. Students should glue different sizes of flowers layered on top of each other. The flowers don't have to be the same shape or color.
4. Have students glue a felt circle or a button in the center of each flower.
5. Have them color popsicle sticks green while the glue on the flowers dries.
6. Have students glue the flowers to the popsicle sticks.
