

FISH HAND PUPPETS

Lesson of the Day:

There are 30,000 different species of fish. Most fish don't have eyelids. Fish are cold-blooded.

Materials:

- Colored construction paper
- Popsicle sticks
- Googly eyes
- Glue
- Scissors
- Markers

Instructions:

1. Discuss the lesson of the day with your students. Talk about what it means to them.
2. Trace out the student's hand on the construction paper and trim out the design with scissors.
3. Have the student use the marker to draw the mouth of the fish.
4. Have students glue on the googly eyes and then glue the back of the paper to the popsicle stick.
