

# PAPER PLATE PUPPY PUPPETS

## Lesson of the Day:

Dogs are always so happy to see everyone! They wag their tails and make new friends and give lots of kisses and cuddles.

We need to show people how much we care about them that same way. And not just our friends and family, but everyone we know! Make a new friend just by being friendly!

## Materials:

- Paper plates
- Markers/colored pencils
- Construction paper
- Puffballs/cotton balls
- Pink construction paper
- Googly eyes

## Instructions:

1. Discuss the lesson of the day with your students. Talk about what it means to them.
2. Have students fold their paper plate in half. Color both sides- one as the dog's mouth and one as its outside.
3. Have them cut out and attach construction paper ears.
4. Have students add details like the googly eyes, the tongue, and the puffballs.
