

# PAPER PLATE STREAMER RAINBOWS

## Lesson of the Day:

Keep on smiling and look for the positive things around you! Sometimes it's easy to focus on all the bad things, but if you focus on the good you'll be surprised how many wonderful things you can find in your life!

## Materials:

- Ribbon
- Paper Plate
- Clothespins
- Glue
- Yellow paint
- Googly eyes
- Scissors

## Instructions:

1. Discuss the lesson of the day with your students. Talk about what it means to them.
2. Pre-cut long pieces of ribbon in each color, two pieces of ribbon per student if it's thin.
3. Have students cut paper plates in half and share them with a friend. Each student should paint their half of the paper plate yellow. They should also paint their clothespins yellow.
4. Once the paint has dried, have students curl the ribbon with scissors and glue or tape it to the back of their sun.
5. Have students draw a face onto their sun plate. You can have them add googly eyes if they want.
