

PAPER PLATE SPIDERWEB

Lesson of the Day:

Spiders weave webs to catch the things they need. If you weave a web of kindness, what kinds of things will you catch?

Friends • Happiness • Positivity

Materials:

- Paper plate
- Scissors
- Hole punch
- Orange yarn
- Black puffballs
- Googly eyes
- Black construction paper
- Black markers/paint

Instructions:

1. Discuss the lesson of the day with your students. Talk about what it means to them.
2. Have students cut a hole in the middle of their paper plate. Hole punch the edges of the plate. Have the students color or paint their paper plate black.
3. Have the students glue black construction paper and googly eyes to the black puffball.
4. Give the students orange yarn to weave a web through the holes on their paper plate.
