

# PIPE CLEANER BEAD SNAKES

## Lesson of the Day:

Snakes sometimes bite people. It's why a lot of people are afraid of them.

We don't want other people to be afraid of us. That means we have to be kind and treat people gently. That way they will want to be around us.

## Materials:

- Beads
- Pipe Cleaner
- Googly eyes

## Instructions:

1. Discuss the lesson of the day with your students. Talk about what it means to them.
2. Have students string pony beads or other fun beads along pipe cleaner.
3. Have students twist the pipe cleaner into squiggly snake shapes. At the end, twist the pipe cleaner so the beads don't come off. At the other end, have students twist the pipe cleaner into the shape of a snake's head.
4. Add a little bit of red pipe cleaner to the front of the snake's head as its tongue.
5. Have them add googly eyes.
