

POM POM FLAG PAINTING

Lesson of the Day:

America started with the idea that everyone is equal and should have the opportunity to do anything they want and be whoever they want to be while at the same time being treated with respect and kindness. We don't always do that perfectly, but we can work hard to make sure those around us are treated with respect and kindness.

Materials:

- Clothespins
- Puffballs
- Paper
- Red, blue, and white paint

Instructions:

1. Discuss the lesson of the day with your students. Talk about what it means to them.
2. Help them to grab the puffballs with the clothespins. Use the puffballs to dip into paint and dot paint an American flag onto paper.
3. Start with the blue, then the red stripes, and finally the white to add stars to the blue once it dries a bit.
