

POPSICLE STICK HALLOWEEN CHARACTERS

Lesson of the Day:

Even though characters like Frankenstein's monster, Jack O'Lanterns, ghosts, witches, vampires, and other creatures aren't exactly alike, they all do have one thing in common: they are a part of Halloween! Find the things you have in common with others!

Materials:

- Popsicle sticks
- Hot glue gun
- Markers
- Black Sharpies
- Google eyes
- White paint

Instructions:

1. Discuss the lesson of the day with your students. Talk about what it means to them.
2. Use a hot glue gun to glue two popsicle sticks to the back of a row of other popsicle sticks, one at the top and one at the bottom.
3. Allow students to color the popsicle sticks with markers to give the background color.
4. Students can then carefully use black sharpies to add the mouth and other details.
5. Have students glue on google eyes and paint more details with white, if desired.
