

POPSICLE STICK RAINBOWS

Lesson of the Day:

You can't have a rainbow without rain! Sometimes the sadder, harder things in life help us to truly appreciate the beautiful, good things we have.

Materials:

- Popsicle sticks (6 per student)
- Glue
- Hot Glue
- White paper
- Markers
- Goggle eyes

Instructions:

1. Discuss the lesson of the day with your students. Talk about what it means to them.
2. Have students color the six popsicle sticks each color of the rainbow (red, orange, yellow, green, blue, and purple). One stick should be colored completely in each color.
3. Hot glue half a popsicle stick to the top of the back and the bottom of the back of the popsicle sticks after the students have arranged them in the proper color order.
4. While you are hot gluing, students will draw and cut out a cloud, adding a face and gluing on google eyes when they have cut it out.
5. Have students glue the cloud to the top of the popsicle sticks.
