

THING 1 AND THING 2

Lesson of the Day:

Let loose! Go a little wild! Have fun and make a mess! Just make sure you always clean up after yourself and don't make other people take responsibility for your actions. If you can't do it alone and need help- just ask!

Materials:

- Small blue puffballs
- Popsicle sticks
- White paper
- Small googly eyes
- Red/black markers
- White paint
- Glue

Instructions:

1. Discuss the lesson of the day with your students. Talk about what it means to them.
2. Have students color the popsicle sticks red.
3. Have students paint a white circle in the middle of the popsicle stick.
4. Have them cut out a face from white paper. Have them glue on the small googly eyes and the puffballs to the top for hair.
5. Have students write "Thing 1" and "Thing 2" in the middle of the white circle on their popsicle sticks.
6. Students should make two each- one Thing 1 and one Thing 2.
